1. I got a call from one of my nieces in the middle of the night. She took a maid job in Saudi Arabia and just two weeks ago arrived, but is in lockdown with 500 other women 8 to a room and almost no food or money to buy even if not in lockdown. We'll send her some money, but figure the best option is to get her back home as soon as that's possible. Please pray for her, Cynthia is her name and she's around 25 years old. There is no current date that she might get to fly home, our expense, or to work and earn money there.
2. Prayers for health and safety during this time. Special prayers for my daughter, and other THS seniors who will now not have a graduation, or other special days for their senior year. The schools have now closed for the rest of the year. This is leaving such an emptiness and uncertainty for them. Please Lord, give them peace and direction during this time. It truly breaks my heart, and I can't imagine how they are all feeling. Prayer for their mental and emotional stability.
